

***Embassy of Japan
Bosnia and Herzegovina***

Sarajevo, June 10, 2008

To Whom It May Concern

UNILAB doo is providing services for the Embassy of Japan in Bosnia and Herzegovina in terms of technical protection since 2006. Ever since that period we have excellent cooperation and understanding. They have provided us with video surveillance equipment, fire sensors, motion sensors and other security equipment as well as its installation and maintenance. We are very satisfied with their expertise and professional approach to all of our requirements.

With the reference to the above mentioned we can confidently recommend them as a competent and reliable in their field of expertise.

Kiyohiko KIKUCHI
II Secretary
