

## **To whom it may concern**

UNILAB is the company that worked with OHR in the past ten years. During this time we were many times witness of professional approach of this company and their employees.

Quality and professionalism was proved during their work, starting from assessments trough the selection, installation and maintenance of security equipment for technical protection.

One cannot overstate the need for skill, knowledge and confidence required to perform this role efficiently and effectively in an international organization such as the Office of the High Representative. Their professional knowledge and sense of responsibility was their way to deal successfully with all problems they have faced.

OHR has the honour to recommend UNILAB company as reliable and highly professional. They have excellent service and great co-operation with customers. The equipment supplied in OHR is of very good quality and fair price.

If any further information is required regarding UNILAB company, OHR is willing to provide them.

This way OHR would like to thank to UNILAB for good co-operation.

Yours faithfully,

Sarajevo, 30<sup>th</sup> of May 2007

Edin Kovac  
Head of Security
